
Day Four Review and Wrap Up

Module Objective:

Application of principle themes from day four of training throughout the project life cycle

Principle Themes | Day Four

- Application of tools and methods for each element of the project cycle required to achieve regulatory compliance and market conformance in order to:
 - Use USAID requirements and voluntary systems within project conceptualization and design
 - Carry forward pesticide and food safety risk reduction into the procurement process
 - Build more active compliance with USAID requirements and market demands

Day Four and the Project Cycle
